Communication Solutions That Can Transform Your Business

Lightpath Delivers

In today's ever changing business environment it is essential to stay ahead of the curve and the competition. Lightpath delivers the innovative communication solutions designed to help your company increase productivity, reduce costs and gain a leading edge.

The nation's most advanced fiber-optic network

With our 100% fully fiber-optic network, we offer true network diversity, physically independent of traditional carriers to ensure your business communications remain up and running no matter what.

- Our network was created with a revolutionary self-healing ring topology
- Designed so that even if one path is compromised, your communications are instantly rerouted and delivered uninterrupted.
- We own, operate and manage our entire network including over 7,000 Lit buildings, over 5,800 route miles and over 208,000 fiber miles.

Cutting-edge communication solutions

Lightpath delivers the most comprehensive range of Ethernet-based data, Internet, voice and video services to meet the specific needs of your business. Our cutting-edge communications services can provide your company with the reliable, scalable and cost-effective solutions you need to transform the way you work.

Award-winning 24/7/365 customer support

Our dedicated team of customer service representatives are available 24 hours a day, 7 days a week, so your company can respond to customer demands in real time. Call and speak to a live local expert who will answer in 20 seconds or less, or access our Customer Care Online Web portal and get the answers you need any time you need them.

Simple and predictable flat-rate pricing

While other providers charge by usage or mileage, Lightpath introduced predictable flat-rate pricing to help customers control costs. Knowing exactly what you're going to pay each and every month means no guesswork and no surprises. You receive one monthly statement with one flat-rate fee to help simplify billing processes, saving your business time and money.

Connecting top New York Metro Area businesses

Thousands of the area's top businesses have relied on our advanced fiber-optic network and Ethernet-based services to provide the communication solutions they need for over 20 years. Join the Lightpath network and transform your business today.
